

**Quality Management: List of Indicators per Work Package (WP)**  
**(to be completed by PMT)**

<b>SO 1</b>	To develop and promote a common mobility management model (Handbook) for universities, associations and networks, with a specific focus on regional integration objectives, premised upon and linking existing South American bi/multi-lateral student and staff mobility programmes.						
<b>SO2</b>	To build the capacity of South American university associations and networks to work collaboratively to manage and sustain the overarching mobility model for the region.						
<b>SO3</b>	To generate greater awareness for the impact of South American regional mobility by promoting a common monitoring system for the mobility model, to help ensure the quality of mobility and its recognition.						
<b>SO4</b>	To enhance dialogue both between European and South American universities/stakeholders and within Latin America, generally, on policies, tools and frameworks to increase and improve mobility as part of the internationalisation/regionalisation of the higher education sector.						
Objectives							
SO 1	SO 2	SO 3	SO 4	WP No	Activity / Outcome	Indicators	How to measure indicator
x				1.1	Mapping of current South American 'intra-regional' mobility	* Research methodology for the mapping designed * Data on existing mobility programmes and agreements collected	* Documentation available (in Spanish, summary in English and Portuguese)
x				1.2	Roundtable: From mapping to a South American mobility Handbook	* participation of SA and European universities * Discussion about the mapping report amongst the partnership	* No. of participants (Participants List) * Documentation (Report / Presentation of CRUCH)
x				1.3	Road map for the South American mobility Handbook	* Road map for producing the handbook agreed in SC meeting * Roadmap posted in CAMINOS Intranet as a document to guide and monitor the Handbook development	
	x		x	2.1	Focus group 1: Governance and management of mobility programmes	* Focus Group meeting realized * Outcome report produced by chair and rapporteur * Outcomes feeded into a study visit to Europe	* No. of project partners participating (Participant List) * Report * Feedback of participants * Programme of study visit to Europe
	x		x	2.2	Focus Group 2: Strategising mobility, mobility in the context of Institutional partnerships	* Focus Group meeting realized * Outcome report produced by chair and rapporteur * Outcomes feeded into a study visit to Europe	* No. of project partners participating (Participant List) * Report * Feedback of participants * Programme of study visit to Europe
	x		x	2.3	Focus Group 3: Support services and general mobility quality tools	* Focus Group meeting realized * Outcome report produced by chair and rapporteur * Outcomes feeded into a study visit to Europe	* No. of project partners participating (Participant List) * Report * Feedback of participants * Programme of study visit to Europe
x	x		x	3.1	Study Visit 1: Governance of Mobility Programmes	* Training material prepared * Event realized * Report written  * Capacity for managing mobility increased * Visits relevant for participants * Results of study visit presented at home institution of participants	* No. of participants (Participants List) * Study Visit Report produced  * Feedback from Participants (Survey after event)
x			x	3.2	Study Visit 2: Strategising mobility	* Event realized * Report written  * Capacity for managing mobility increased * Visits relevant for participants * Results of study visit presented at home institution of participants	* No. of participants (Participants List) * Study Visit Report produced  * Feedback from Participants (Survey after event)
x			x	3.3	Study Visit 3: Support services and mobility quality tools	* Training material prepared * Event realized * Report written  * Capacity for managing mobility increased * Visits relevant for participants * Results of study visit presented at home institution of participants	* No. of participants (Participants List) * Study Visit Report produced  * Feedback from Participants (Survey after event)
x				4.1	Meeting of Handbook Drafting Team	* Results of Focus Group meetings and study visits are evaluated and used * Persons involved in mobility programme design participate in the drafting team	* No. of participants (Participants List) * Minutes of meeting
x				4.2	Partnership meeting to endorse Handbook	* Endorsement workshop realized * Presentation and discussion of the first draft version	* No. of participants (Participants List) * Minutes of meeting
x				4.3	Draft Publication of CAMINOS Mobility Handbook	* Revised draft of the handbook * Publication online	* Analysis of webtraffic (e.g. number of hits on the website, number of downloads)
